**Washington, My Washington**

Washington, My Washington  
The Crimson and the Gray,  
'Tis the songs of memory  
That we sing today,  
When the sad hours come to you  
And sorrows 'round you play,  

Just sing the songs of Washington  
The Crimson and the Gray,  
Just sing the songs of Washington  
The Crimson and the Gray.

Star Spangled Banner .............................................................................................. 80
I congratulate you on your academic achievements and the completion of your degree. Your dedication and commitment have brought you to this successful point: graduation from Washington State University, one of America’s top-tier research universities.

Graduation opens the door for you to put to use what you have learned in your classes, laboratories, internships, and campus life experiences. You now have your opportunity to make a difference in the world.

I am grateful for our faculty’s commitment to you, our students. In the years ahead, I know you will reflect upon what you have learned at WSU, a university of unequalled quality and commitment. I hope that you will remember the experiences and people here who transformed your knowledge and understanding of the world.

Again, congratulations. I wish you every success and trust that you will stay connected to WSU, your alma mater. You will always be a member of the loyal Cougar family. It is a privilege and honor to preside at your commencement. I look forward to shaking your hand and wishing you well after you receive your diploma cover.

Elson S. Floyd, Ph.D.
President, Washington State University
President’s Ceremonial Stole

Presented to President Elson S. Floyd during his first commencement ceremony at Washington State University in fall 2007, the ceremonial stole signifies the ethnic diversity the University seeks in all its endeavors and presents a dynamic visual presentation. Researched and designed by faculty member Linda Arthur with contributions from apparel, merchandising, design, and textiles students, the stole is made of textiles from locations including Ecuador, India, Scotland, and Japan. Many came from the personal collections of Arthur or her colleagues, some were available commercially, and four were hand-woven by fiber artists specifically for the stole.

Master Salish weaver Susan Pavel hand-spun and wove two pieces of traditional Indian design. Other custom pieces include a Hawaiian hand appliqué by Charlotte Hughes, an American coverlet sampler by Cynthia Hosek, and embroidered pieces representing the Nez Perce tradition by Ann MacCormack.

The President’s Chain of Office

During commencement ceremonies and other special occasions, the president of Washington State University wears the President’s Chain of Office. The medallion features the WSU shield with Cougar head, and the links are engraved with the names and dates of service for each past WSU president, starting with George Lilley, who served from 1891 to 1892, and ending with V. Lane Rawlins, who served from 2000 to 2007. Blank links allow engraving of names and service years for future presidents.

The Chain of Office was created at the request of V. Lane Rawlins, who became president of WSU on June 8, 2000. He wore it for the first time during his inauguration on March 28, 2001.
Dear 2008 graduates,
On this day of celebration, the faculty of Washington State University wishes to congratulate each of you as you graduate and recognize the personal accomplishments you have achieved. Commencement is a day that also recognizes the efforts and support each of you received from your families and friends.

As you move onto the next phase of your lives, remember to do your best, keep learning, say thank you, and support your family, friends, and University. In this venue, it is also important to take a moment to remember those from our University family that passed away this year.

Best wishes to all of you from all of us, your Cougar colleagues and friends.

May 2008

Graduates,
We applaud your achievements. Your determination and efforts are outstanding. On behalf of the administrative and professional staff I congratulate you on your success at Washington State University. It has been a pleasure for us to assist your efforts and to see you graduate. For some of us, this day is extra special because we have had the opportunity to be your moms and dads away from home. Like your parents, we are proud of you.

With graduation, you take your place among Cougar alumni and have the opportunity to add to the success of those who graduated before you. Your training and experiences at WSU have prepared you to embark on your next challenge.

I wish each of you success in your future endeavors, and when you come back to visit WSU make sure you stop in and tell the staff hello.

GREETINGS FROM THE ASWSU AND GPSA PRESIDENTS

Your day is here!
On behalf of the undergraduate students of Washington State University, congratulations! For years you have been working very hard for today. Pride and a sense of achievement overwhelm me as I see that you are ready for life’s next adventure. Because of what you learned here, I expect nothing but success for each and every one of you. You came to WSU as an individual. But you are leaving here as members of the Cougar Family. This family is as unique and special as you.

While looking toward the future, it is natural to reflect on the past and the events that took place between arriving at WSU and today’s graduation. You have made friends who will last a lifetime, made life-changing decisions, and, most importantly, learned about yourselves.

I wish you well for the future and leave you with two words that have and will always be near and dear to your hearts…Go Cougs!

Dear graduates,
Congratulations on concluding your studies at Washington State University. This day we acknowledge all of your hard work and celebrate your achievements. You, and those who have supported you, should be extremely proud.

Upon this momentous achievement, you have joined the ranks of a world-class group of students who have the honor and pride to call themselves graduates of WSU. I hope that your time spent here as a Cougar will be remembered as one of the most meaningful and rewarding times in your life.

I am pleased to join with your family and friends in extending congratulations and wishing you the very best in all of your future endeavors.

Go Cougs!

ACADEMIC REGALIA

Academic dress arose through evolution and modification of the robes worn by medieval students, who were usually clerics in the cathedral schools and monasteries established by the church. As early as 1321, a medieval statute required that all doctors, licentiates, and bachelors wear academic gowns and hoods. Gowns were necessary for warmth in the unheated medieval buildings, and hoods may have been designed to cover tonsured heads. Today, immediately after receiving a charter, new institutions adopt a distinctive design for academic attire expressive of their individuality.

On May 26, 1895, a group of institutional representatives met at Columbia University to establish a uniform code for academic attire in this country.

The approved academic attire is composed of a cap, gown, and hood. The basic article of the attire is the gown, which is usually black in color for all degrees. The basic design for gowns is similar for all degrees; minor variations in fullness and length of sleeves and trimming are indicative of degree levels. Cotton-poplin fabric is used for the bachelor’s and master’s gown, and ribbed rayon or silk is reserved for the doctor’s gown.

The hood has become the colorful standard-bearer of academic symbolism. By examining the hood, an informed observer should be able to identify the degree level, the academic field of study in which the degree was earned, and the institution that conferred the degree. The hood is made of the same material as the gown. Hood length varies according to degree: bachelor’s—three feet, master’s—three and a half feet, and doctor’s—four feet. The color or colors of the hood lining indicate the institution that conferred the degree (crimson and gray for WSU). The hood is trimmed or edged in a border of velvet either two, three, or five inches in width for the respective degrees. The border color represents the faculty or field of study in which the degree was awarded. At WSU, bachelor’s degree candidates do not wear hoods.

The approved cap of the academic costume is the mortarboard or Oxford cap—a stiff board nine inches square, usually covered in cotton poplin, Russell cord, or spun rayon, placed on a soft cap made of the same material and joined in a pointed design in front and back. The front of the cap is shorter than the back, but the color is always that of the gown and uniformly black for the four-year degrees. Soft, square-topped caps are permissible for women. The use of velvet has been reserved for the cap for the doctor’s degree. A silk cord with a tassel made of many threads is attached to a button in the center of the board. The cord’s and tassel’s length may vary with the degree of the wearer. The tassel and cord may be black for any degree, but a gold metallic cord and tassel have been approved for the doctor’s cap. The tassel may reflect the color of the field of study in which the degree was earned, and a few institutions use tassels of varied colors to indicate academic honors.

The committee of the American Council on Education, in its “Academic Costume Code,” states the following:

For all academic purposes—including trimming of doctor’s gowns, edging of hoods, and tassels of caps—the colors associated with the different subjects are as follows:

- Agriculture: Maize
- Architecture: Blue Violet
- Arts, Letters, Humanities: White
- Commerce, Accountancy, Business: Drab
- Dentistry: Lilac
- Economics: Copper
- Education: Light Blue
- Engineering: Orange
- Fine Arts: Brown
- Forestry: Russet
- Home Economics: Maroon
- Journalism: Crimson
- Law: Purple
- Library Science: Lemon
- Medicine: Green
- Music: Pink
- Nursing: Apricot
- Oratory (Speech): Silver Gray
- Pharmacy: Olive Green
- Philosophy: Dark Blue
- Physical Education: Sage Green
- Public Administration, including Foreign Service: Peacock Blue
- Public Health: Salmon Pink
- Science: Golden Yellow
- Social Work: Citron
- Theology: Scarlet
- Veterinary Medicine: Gray

COMMENCEMENT 2008

Washington State University, on the occasion of its 112th annual spring Commencement, cordially welcomes all those who have come to the Pullman campus to share in ceremonies honoring the graduating class of 2008. To class members, the Class of 2008, the University extends sincere congratulations.

WSU enrolls 24,396 students statewide. This includes 17,342 undergraduates and 2,771 graduate and professional students in Pullman or through distance education. Another 4,984 undergraduate, graduate, and professional students are enrolled at campuses in Spokane, the Tri-Cities, and Vancouver. Some students are enrolled at more than one campus.

Commencement is the special occasion that provides public recognition of students’ academic achievements. The transcript is the official document certifying the successful completion of specific academic requirements. The diploma is mailed after the ceremony.

The first WSU Commencement, held June 24, 1897, recognized eight students being advanced to degrees—three in engineering, one in biology, two in economics, and two in English. This followed a legislative act in 1895 empowering the college to grant the usual academic and honorary degrees and issue diplomas.1 With the construction of Bryan Hall in 1909, Commencement moved to the well-equipped Bryan Auditorium. Enrollment and the number of degree candidates increased over the years, and Commencement moved to Bohler Gymnasium following its construction in 1928. Following World War II and the burgeoning enrollment created by the return of students receiving veterans' benefits (G.I. Bill), Commencement was moved outdoors to Rogers Field in the football stadium (1949-1973). Because it was always possible that inclement weather would disrupt the ceremonies, it was necessary to duplicate arrangements in Bohler Gymnasium. However, only twice in those years—1954 and 1963—was it necessary to move the outdoor ceremony indoors. In 1973, with the completion of Beasley Performing Arts Coliseum, Commencement moved indoors permanently.

In 1986, the University’s Commencement Committee recommended decentralizing Commencement to make the event more personal for graduating students. The WSU administration approved, and from 1986 through 1996, an All-University Commencement Assembly was held in the coliseum, and individual college ceremonies took place in the coliseum, Bohler Gymnasium, Bryan Auditorium, Compton Union Building Ballroom, and Hollingbery Fieldhouse. Beginning with the 100th Commencement in May 1996, the college ceremony times were changed to allow some to precede the All-University Assembly. In 1998, due in part to construction in Bohler, the administration approved a Commencement Committee recommendation to hold two ceremonies. Starting in 2000, a three-ceremony format (two ceremonies in the morning and one in the afternoon) was instituted. There was

The names of the degree recipients are called in random order as they approach the podium. Students will be viewed on big screens via video as they receive their diploma covers. Closed Captioning will be used.

Appearance of a name in this program is presumptive evidence of graduation and graduation honors, but it must not in any sense be regarded as conclusive. Notation on the university transcript remains the official testimony of degree possession.

1Historical Sketch of the State College of Washington, 1890-1925, by E. A. Bryan
a historic Commencement change during the 2001-2002 academic year. For the first time, WSU held two Commencements, one during fall semester (December 15, 2001) and the other during spring semester (May 11, 2002). WSU President V. Lane Rawlins presided over both in Beasley Performing Arts Coliseum.

For spring commencement 2008, there will also be three ceremonies, one each beginning at 8:00 a.m., 11:30 a.m., and 3:00 p.m. Presiding at the ceremonies will be Elson S. Floyd, who became Washington State University’s tenth president on May 21, 2007. Immediately before coming to WSU, Floyd was president of the University of Missouri. He succeeded President V. Lane Rawlins. This will be President Floyd’s first spring commencement at WSU. He presided at WSU’s fall commencement here in Beasley Performing Arts Coliseum on December 8, 2007.

**THE UNIVERSITY MACE**

The University Mace, a traditional symbol of authority, will lead the faculty march today. The mace is carried by the chair of the Faculty Senate with an honor guard consisting of the presidents of the undergraduate and graduate and professional student associations. Ken Struckmeyer carries it today, accompanied by Kasey Webster, president of the Associated Students of WSU, and Manpreet Chahal, president of the Graduate and Professional Student Association of WSU.

The two-foot-long, nine-pound scepter is cast in silver and bronze and features a globe atop a laurel branch, wrapped in a silver ribbon and inscribed “Washington State University.” According to designer and craftsman Tim Doebler of WSU’s Department of Fine Arts, “the globe represents the universality of education and the quest for knowledge. Laurel crowns were presented to academicians by the ancient Greeks.”
Washington State University Highlights, 2004–2008

2004

- WSU’s renowned Edward R. Murrow School of Communication is strengthened by the opening of a 24,000-square-foot building addition, which includes research and teaching labs, TV news studio, faculty offices, and an auditorium.

- A bronze memorial was dedicated in the Holland Library atrium honoring Ricardo Sánchez, celebrated Chicano poet. He was a WSU professor of creative writing and Chicano studies from 1991 until his death in 1995.

- The Washington State University College of Veterinary Medicine is granted seven years of continued full accreditation by the American Veterinary Medical Association’s Council on Education. It is the highest level of accreditation any veterinary college can attain.

- Peter Jennings, ABC-TV news anchor and senior editor, delivered an address and was presented the Edward R. Murrow Award for Lifetime Achievement in Broadcasting during WSU’s 30th Edward R. Murrow Symposium.

- A test developed at WSU is used to diagnose the nation’s first case of “mad cow” disease. Credited with the development are researchers from the U.S. Department of Agriculture’s Agricultural Research Service at WSU and those from WSU’s Department of Veterinary Microbiology and Pathology.

- In basketball, WSU Cougar men—coached by Dick Bennett—and women—coached by Sherri Murrell—compete in respective Pac-10 tournaments, but lose in the opening round.

2005

- A memorial was held for Army National Guard Sgt. Damien Thai Ficek, WSU student, killed in action in Baghdad, Iraq, December 30, 2004.

- WSU students received many awards on “College Day” at the 2005 Lionel Hampton Jazz Festival held at the University of Idaho in Moscow.

- Early in the year, students, faculty, and staff participated in relief efforts for Asian countries struck by a tsunami. Later in the year, efforts took place for victims of two hurricanes that hit the U.S. Gulf Coast. WSU admitted some students displaced by the hurricanes and more than 7,000 backpacks for Hope—filled with school supplies, books, and other items—were collected for school students in the affected areas.

- WSU student Danielle Fisher, age 20, became the youngest person in history to conquer the highest mountain on each of the seven continents. She was the youngest American to stand atop Mount Everest.

- A solar home constructed on campus in Pullman by WSU engineering and architecture students was part of the U.S. Department of Energy’s Solar Decathlon competition in Washington, D.C.

- WSU Regents named the new library adjacent to Holland Library in honor of W. Glenn Terrell, former WSU president. WSU President V. Lane Rawlins said the naming of the new library, which opened in 1994, was suitable acknowledgement of Terrell’s love of learning and his close connections with students. The Terrell Friendship Mall on campus also honors Terrell, who served from 1967 to 1985.

- Work by WSU molecular biologist Michael K. Skinner and his research team was chosen as one of the top 100 science stories of 2005 by Discover magazine. The researchers found that exposing fetal rats to environmental toxins can affect their sexual development in a way that shows up in subsequent generations as well. The mechanism was an epigenetic one, rather than a DNA mutation.

- Glenn Johnson celebrated his 25th year as the public address “Voice of the Cougars” for WSU football and men’s basketball. He is a member of the WSU Murrow School of Communication faculty.
2006

• The College of Business and Economics was renamed the College of Business by the WSU Regents. Changing the name reflects the impact of business on society and the environment at the state, national, and global levels. It also recognizes that, in 2005, the WSU College of Agricultural, Human, and Natural Resource Sciences became the academic home of the new School of Economic Sciences.

• In the 2005–2006 academic year, the WSU Cougars had a football and men’s basketball “sweep” of the rival University of Washington Huskies. In fall 2005, WSU beat the UW in the annual Apple Cup football game. In the winter of 2006, the Cougars beat the Huskies in both basketball games. The last time the Cougars had such an academic year “sweep” of the Huskies was 1968–1969.

• Soon after the WSU spring 2006 commencement in May, the Compton Union Building closed for two years of renovation. It will reopen in fall 2008. Many offices previously located in the CUB are housed in temporary locations across campus during the remodeling. The CUB originally opened in 1952.

• Carnegie Classification of Institutions of Higher Education ranks WSU as one of 94 public and private research institutions nationwide with very high research activity. Carnegie’s recognition brings attention to WSU research and doctoral educational programs.

• Dr. Guy Palmer, a veterinary pathologist at Washington State University’s College of Veterinary Medicine, was elected to membership in the National Academy of Science’s Institute of Medicine (IOM). Election to this prestigious body is one of the highest honors for those in biomedical research and human health care.

2007

• Elson S. Floyd took office May 21 as the 10th president of Washington State University. Previously, he was president of the University of Missouri. He succeeded V. Lane Rawlins, who retired from the presidency, but remained on the WSU faculty and is serving as interim director of the William D. Ruckelshaus Center, a joint enterprise of WSU and the University of Washington.

• In research, a WSU team of physicists successfully completed the first experiments using the nation’s premiere synchrotron X-ray facility to detect shock wave-induced changes in a crystalline material.

• WSU Regents renamed two Pullman campus buildings. Wilson Hall became Wilson-Short Hall, honoring James F. Short Jr., influential sociology professor, now emeritus. This building was first named for James Wilson, U.S. Secretary of Agriculture from 1897 to 1913. The Plant Biosciences Facility I became the Orville A. Vogel Plant Biosciences Building, named for one of WSU’s great agricultural researchers.

• Work continued on major projects on campus in Pullman, including extensive renovation of the Compton Union Building (CUB) and Martin Stadium, home of WSU Cougar football. Another project was transforming the 9-hole WSU Golf Course into WSU’s Palouse Ridge Golf Club featuring a new 18-hole championship course and practice facility.

• Testing of an emergency siren and public announcement system on the Pullman campus took place. The system was created to alert and provide information to students, faculty, and staff in the event of a campus-wide emergency.

• For the first time since the 1993–1994 season, the WSU Men’s Cougar basketball team, coached by Tony Bennett, made the NCAA national basketball tournament in Sacramento, California. WSU finished second in the Pac-10 Conference and had a 26-8 season record. Tony Bennett, who won numerous Coach of the Year honors, succeeded his father, Dick Bennett, who coached the Cougars for three seasons.

• During a national college football telecast on January 1, WSU’s Butch the Cougar was announced as the Capital One Mascot of the Year. Butch edged Testudo, the University of Maryland mascot, in the championship round.

2008

• Scientific American named WSU reproductive biologist Patricia A. Hunt one of the top 50 researchers in the world. Her research shows a potential threat to human health posed by bisphenol A (BPA), a component of the polycarbonate plastics used to make food and beverage containers.

• Named for WSU’s illustrious graduate Edward R. Murrow, the University’s Murrow School of Communication has started the process to become a stand-alone college. It is now part of the College of Liberal Arts. The decision to elevate the school will allow it to fulfill its potential as a center of excellence for WSU.

• Provost and Executive Vice President Robert Bates, a WSU graduate who has served as WSU’s academic leader for six years, will step down from the position on July 1. He will then serve as a consultant to the president on academic issues.

• In April, pop music icon Elton John performed in two WSU Mom’s Weekend concerts at Beasley Performing Arts Coliseum.

• Work continued on the Compton Union Building and on Martin Stadium. After being closed two years, the CUB will reopen in fall 2008. In fall 2008, fans will enjoy the stadium’s new amenities and look.

• Starting at 10:00 a.m. Thursday, January 31, and continuing through Friday, February 1, Washington State University in Pullman was closed because of safety concerns caused by winter weather on the Pullman campus and in the surrounding area.

• On May 3, 2008, one of the best groups of students ever in the history of Washington State University graduated during the 112th annual spring commencement ceremony in Beasley Performing Arts Coliseum.
Dr. Shah manages global programs to improve agricultural productivity in order to reduce extreme poverty and hunger throughout the developing world. He previously served as the director of strategic opportunities, where his work resulted in the foundation’s recent launch of a Global Development Program, and as the foundation’s senior economist. In that role, he helped develop the foundation’s global health strategy and manage the $1.5 billion vaccine fund—an effort referred to by Bill and Melinda Gates as their best investment. He proposed and helped launch the International Finance Facility for Immunization, which will issue immunization bonds, backed by donor governments, to raise an additional $4 billion for vaccinating poor children throughout the world. The World Health Organization estimates this initiative will save the lives of 5 million children through the next decade. A New York Times editorial described the effort as “a clever way to reduce the burden of costly diseases now and save money in the future.”

Dr. Shah previously worked as a health care policy advisor on the Gore 2000 presidential campaign. He has served as a member of Pennsylvania Governor Ed Rendell’s Transition Committee on Health and Philadelphia Mayor John Street’s New Centuries Committee. Previously, he cofounded a health care consulting firm called Health Systems Analytics, worked at the World Health Organization, and worked as a policy aide in the British Parliament.

In 1995, Dr. Shah cofounded Project IMPACT—an award-winning national nonprofit service organization—to get South Asian Americans more involved in community service and political activism. Currently, Raj serves on the boards of the Alliance for a Green Revolution in Africa, the Seattle Community College District, and the Seattle Public Library.

Dr. Shah earned a medical degree from the University of Pennsylvania Medical School and a master of science degree in health economics at the Wharton School of Business. He is a graduate of the University of Michigan and the London School of Economics and has published articles on health policy and global development.

LeRoy Ashby joined the Washington State University faculty in 1972. He officially retires this month after 42 years of cumulative teaching service. During his tenure at WSU, Ashby was the first recipient of the WSU President’s Faculty Excellence Award for Instruction in 1983 and was twice honored as CASE Professor of the Year for the state of Washington, in 1990 and in 1993. In 1992 he was chosen to deliver WSU’s Distinguished Faculty Lecture and in 1996 earned the WSU College of Liberal Arts Distinguished Faculty Achievement Award. Most recently, Ashby received the WSU President’s Award for Lifetime Service, presented by President Elson S. Floyd during the University’s Showcase 2008 banquet in March.

Ashby’s undergraduate classes in contemporary culture and twentieth-century American history have been among the most popular electives on campus for the past 30 years. In nominating him for the professor of the year award, former WSU President Glenn Terrell wrote that Ashby was “one of the finest teachers of undergraduates I have ever known.” The enthusiasm of his undergraduate students is exceeded only by the appreciation of his many graduate students.

Ashby has also earned a national reputation as a twentieth-century historian. His most recent book, With Amusement for All: A History of American Popular Culture since 1830 (University Press of Kentucky 2006), which makes the case that popular culture
Tom Vander Ark is president of the X PRIZE Foundation, an educational nonprofit prize institute whose mission is to create radical breakthroughs for the benefit of humanity by offering multi-million dollar awards for breakthrough innovations that benefit humanity in the areas of space exploration, medicine, healthcare, energy production and consumption, education, the automotive industry, and genomics.

As executive director of education for the Bill and Melinda Gates Foundation, Vander Ark developed and implemented more than $3.5 billion in scholarship and grant programs to improve education throughout the United States.

Prior to his role with the Gates Foundation, Vander Ark served as superintendent of one of Washington’s largest school districts that has been recognized for narrowing the achievement gap and reducing administrative cost. Vander Ark also has extensive experience in the private sector as a senior executive for a start-up retail chain that achieved $5 billion in revenue and also has management and consulting experience in energy, telecommunications, and business formation.

Vander Ark has a master of business administration degree in energy finance from the University of Denver and a bachelor of science degree in mineral engineering from the Colorado School of Mines.

The Star Spangled Banner

Oh, say can you see, by the dawn’s early light,
What so proudly we hailed at the twilight’s last gleaming?
Whose broad stripes and bright stars through the perilous fight,
O’er the ramparts we watched, were so gallantly streaming?
And the rocket’s red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there.
Oh say, does that star-spangled banner yet wave
O’er the land of the free and the home of the brave?

On the shore, dimly seen through the mists of the deep,
Where the foe’s haughty host in dread silence reposes,
What is that which the breeze, o’er the towering steep,
As it fitfully blows, now conceals, now discloses?
Now it catches the gleam of the morning’s first beam,
In full glory reflected now shines on the stream:
‘Tis the star-spangled banner! O long may it wave
O’er the land of the free and the home of the brave.

And where is that band who so vauntingly swore
That the havoc of war and the battle’s confusion
A home and a country should leave us no more?
Their blood has wiped out their foul footstep’s pollution.
No refuge could save the hireling and slave
From the terror of flight, or the gloom of the grave:
And the star-spangled banner in triumph doth wave
O’er the land of the free and the home of the brave.

Oh! thus be it ever, when freemen shall stand
Between their loved homes and the war’s desolation!
Blest with victory and peace, may the heaven-rescued land
Praise the Power that hath made and preserved us a nation.
Then conquer we must, for our case it is just,
And this be our motto: “In God is our trust.”
And the star-spangled banner forever shall wave
O’er the land of the free and the home of the brave!

# Washington, My Washington

Washington, My Washington  
*The Crimson and the Gray,*  
’Tis the songs of memory  
That we sing today,  
When the sad hours come to you  
And sorrows ‘round you play,  

Just sing the songs of Washington  
*The Crimson and the Gray,*  
Just sing the songs of Washington  
*The Crimson and the Gray.*
