WASHINGTON, MY WASHINGTON

Washington, My Washington
The Crimson and the Gray,
’Tis the songs of memory
That we sing today,
When the sad hours come to you
And sorrows ’round you play,
Just sing the songs of Washington
The Crimson and the Gray,
Just sing the songs of Washington
The Crimson and the Gray.
One Hundred Fifteenth Annual Spring Commencement

SATURDAY, MAY 7, 2011
BEASLEY PERFORMING ARTS COLISEUM
WASHINGTON STATE UNIVERSITY
PULLMAN, WASHINGTON

Commencement Mission Statement
Commencement at Washington State University represents the culmination of a student’s academic achievement. It is a time for celebration and reflection for students, families, faculty, and staff. It brings together the campus community to share the joy of the accomplished goals of our students.

The commencement ceremony at Washington State University serves a dual purpose: to mark a point of achievement, thus completing a chapter in the lives of students and those who support them, and to encourage continued pursuit of learning, personal fulfillment, and engagement with their local and worldwide communities.

President’s Ceremonial Stole

Presented to President Elson S. Floyd during his first commencement ceremony at Washington State University in fall 2007, the ceremonial stole signifies the ethnic diversity the university seeks in all its endeavors and displays a dynamic visual presentation. Researched and designed by faculty member Linda Arthur Bradley with contributions from apparel, merchandising, design, and textiles students, the stole is made of textiles from locations including Ecuador, India, Scotland, and Japan. Many came from personal collections of Bradley or her colleagues, some were available commercially, and four were hand-woven by fiber artists specifically for the stole.

Master Salish weaver Susan Pavel hand-spun and wove two pieces of traditional Indian design. Other custom pieces included a Hawaiian hand appliquéd by Charlotte Hughes, an American coverlet sampler by Cynthia Hosek, and embroidered pieces representing the Nez Perce tradition by Ann MacCormack.

President’s Chain of Office

During commencement ceremonies and other special occasions, the president of Washington State University wears the President’s Chain of Office. The medallion features the WSU shield with Cougar head, and the links are engraved with the names and dates of service for each past WSU president, starting with George Lilley, who served from 1891 to 1892, and ending with V. Lane Rawlins, who served from 2000 to 2007. Blank links allow engraving of names and service years for future presidents.

The Chain of Office was created at the request of V. Lane Rawlins, who became president of WSU on June 8, 2000. He wore it for the first time during his inauguration on March 28, 2001.
Well done Graduates and now Alumni!
From all your professors, mentors, advisors, and staff, congratulations on becoming a graduate of Washington State University. I, too, am a graduate of WSU, and I’ll never forget the day I sat where you are sitting and took the same walk to the stage to receive my congratulatory handshake and my diploma (actually it’s just the case—the real diploma is mailed to you). That ceremonial walk after all the speeches was truly a cherished event. So when commencement is over, please take a moment to thank all those who helped you on your journey.

As a student at WSU, I, too, liked to see Pullman and WSU in my rear-view mirror as I drove up and away over the hilltop on holiday breaks and long weekends. However, something happened to me as it has to many other graduates that have taken this journey before you. We come back as alumni to visit and participate in events on campus (and, in my case, to teach) because there is nothing better than being a Cougar. Therefore, please return and stay close to WSU. And never forget, wherever your journey takes you, always know this: “Once a Coug—always a Coug!”

Graduates,
Congratulations! On behalf of the administrative professionals at Washington State University, I would like to commend each of you on this significant accomplishment. Your discipline and hard work have not only instilled an education, but have helped to shape the individual you are today. It has been our pleasure to have supported your efforts and to see you reach this tremendous milestone.

For some of you, graduation marks the end of your academic career; for others, it is a stepping stone for additional training. Regardless of your future path, your time here has made you part of the Cougar family, and we are proud of you. You have now joined the ranks of Cougar alumni. Stay in touch!

As you look ahead, there will be many opportunities to build on today’s achievement. I wish each of you success in your future endeavors.

To the Graduates of the Class of 2011,
On behalf of your student governments, the Associated Students of Washington State University and the Graduate and Professional Students Association, we offer warm congratulations as you graduate from our beloved institution. It is an honor to recognize the culmination of your student experience here at WSU.

We commend you on reaching this milestone here, where all of your hard work is on display. You have earned a valuable degree from one the finest universities in our nation. At commencement, we celebrate both your achievements and the individuals who have contributed to your successes. Remember to acknowledge and thank those who have supported and guided you through your college career.

Commencement represents both a completion and a beginning. After spending years together here in Pullman, life now takes us in many different directions. Remember that Washington State University will always be your home. We encourage you to remain engaged with the campus and the Cougar community for the rest of your lives.

Once again, congratulations on earning your degree, and all the best in your new beginning from ASWSU and GPSA.

As always, Go Cougs!

ACADEMIC REGALIA

Academic regalia arose through evolution and modification of the robes worn by medieval students, who were usually clerics in the cathedral schools and monasteries established by the church. As early as 1321, a medieval statute required that all doctors, licentiates, and bachelors wear academic gowns and hoods. Gowns were necessary for warmth in the unheated medieval buildings, and hoods may have been designed to cover tonsured heads. Today, immediately after receiving a charter, new institutions adopt a distinctive design for academic attire expressive of their individuality.

On May 26, 1895, a group of institutional representatives met at Columbia University to establish a uniform code for academic regalia in this country.

The approved academic attire for all graduates is composed of a cap and gown. For master’s and doctoral graduates, a hood is included. The basic article of attire is the gown, usually black in color, and similar in design for all degrees with the sleeves being the principal indicator of degree level. Gowns for those graduating with a bachelor’s degree have pointed sleeves; the sleeves on master’s gowns arc away at the front; and doctoral gowns have round, bell-shaped sleeves. Bachelor’s and master’s gowns are untrimmed while doctoral gowns feature distinctive velvet facing down the front and three velvet bars on each sleeve.

The hood has become the colorful standard-bearer of academic symbolism. By examining the hood, an informed observer should be able to identify the degree level, the academic field of study in which the degree was earned, and the institution that conferred the degree. The hood is made of the same material as the gown. Hood length varies according to degree: bachelor’s—three feet, master’s—three and a half feet, and doctor’s—four feet in length and has panels at the sides. The color or colors of the hood lining indicate the institution that conferred the degree (crimson and gray for WSU). The hood is trimmed or edged in a border of velvet either two, three, or five inches in width for the respective degrees. The border color represents the faculty or field of study in which the degree was awarded. At WSU, bachelor’s degree candidates do not wear hoods.

The approved cap of the academic costume is the mortarboard or Oxford cap—a stiff board nine inches square, placed on a soft cap and joined in a pointed design in front and back. The front of the cap is shorter than the back, but the color is always that of the gown and uniformly black for the four-year degrees. The use of velvet has been reserved for the cap for the doctor’s degree. A silk cord with a tassel made of many threads is attached to a button in the center of the board. The cord’s and tassel’s lengths may vary with the degree of the wearer. The tassel and cord may be black for any degree, but a gold metallic cord and tassel have been approved for the doctor’s cap. The tassel may reflect the color of the field of study in which the degree was earned, and a few institutions use tassels of varied colors to indicate academic honors. For more on academic regalia visit www.acenet.edu/resources/regalia.

The committee of the American Council on Education on its “Academic Costume Code” states the following:

For all academic purposes—including trimming of doctor’s gowns, edging of hoods, and tassels of caps—the colors associated with the different subjects are as follows:

- Agriculture: Maize
- Arts, Letters, Humanities: White
- Communication: Crimson
- Commerce, Accountancy, Business: Drab
- Communication: Crimson
- Dentistry: Lilac
- Economics: Copper
- Education: Light Blue
- Engineering: Orange
- Fine Arts including Architecture: Brown
- Forestry: Russet
- Home Economics: Maroon
- Law: Purple
- Library Science: Lemon
- Medicine: Green
- Music: Pink
- Nursing: Apricot
- Oratory (Speech): Silver Gray
- Pharmacy: Olive Green
- Philosophy: Dark Blue
- Physical Education: Sage Green
- Public Administration, including Foreign Service: Peacock Blue
- Public Health: Salmon Pink
- Science: Golden Yellow
- Social Work: Citron
- Theology: Scarlet
- Veterinary Medicine: Gray

COMMENCEMENT 2011

Washington State University, on the occasion of its 115th annual spring Commencement, cordially welcomes all those who have come to the Pullman campus to share in ceremonies honoring the graduating class of 2011. To class members, the Class of 2011, the University extends sincere congratulations.

WSU enrolls 26,224 students statewide. This includes 18,354 undergraduates and 3,516 graduate and professional students learning at the Pullman and Spokane campuses or through distance education. At the Tri-Cities and Vancouver campuses, 4,354 undergraduate, graduate, and professional students are enrolled.

Commencement is the special occasion that provides public recognition of students’ academic achievements. The transcript is the official document certifying the successful completion of specific academic requirements. The diploma is mailed after the ceremony.

The first WSU Commencement, held June 24, 1897, recognized eight students being advanced to degrees—three in engineering, one in biology, two in economics, and two in English. This followed a legislative act in 1895 empowering the college to grant the usual academic and honorary degrees and issue diplomas. With the construction of Bryan Hall in 1909, Commencement moved to the well-equipped Bryan Auditorium. Enrollment and the number of degree candidates increased over the years, and Commencement moved to Bohler Gymnasium following its construction in 1928. Following World War II and the burgeoning enrollment created by the return of students receiving veterans’ benefits (G.I. Bill), Commencement was moved outdoors to Rogers Field in the football stadium (1949-1973). Because it was always possible that inclement weather would disrupt the ceremonies, it was necessary to duplicate arrangements in Bohler Gymnasium. However, only twice in those years—1954 and 1963—was it necessary to move the outdoor ceremony indoors. In 1973, with the completion of Beasley Performing Arts Coliseum, Commencement moved indoors permanently.

In 1986, the University’s Commencement Committee recommended decentralizing Commencement to make the event more personal for graduating students. The WSU administration approved, and from 1986 through 1996, an All-University Commencement Assembly was held in the coliseum, and individual college ceremonies took place in the coliseum, Bohler Gymnasium, Bryan Auditorium, Compton Union Building Ballroom, and Hollingbery Fieldhouse. Beginning with the 100th Commencement in May 1996, the college ceremony times were changed to allow some to precede the All-University Assembly. In 1998, due in part to construction in Bohler, the administration approved a Commencement Committee recommendation to hold two ceremonies. Starting in 2000, a three-ceremony format (two ceremonies in the morning and one in the afternoon) was instituted. There was a historic Commencement change during the 2001-

Historical Sketch of the State College of Washington, 1890-1925, by E. A. Bryan
2002 academic year. For the first time, WSU held two Commencements, one during fall semester (December 15, 2001) and the other during spring semester (May 11, 2002).

This is the University’s one hundred and fifteenth spring ceremony. President Elson S. Floyd, WSU’s tenth president, now presides over the ceremonies.

**THE UNIVERSITY MACE**

The University Mace, a traditional symbol of authority, will lead the faculty march today. The mace is carried by the chair of the Faculty Senate with an honor guard consisting of the presidents of the undergraduate and graduate and professional student associations. Max Kirk carries it today, accompanied by Jacob Bredstrand, president of the Associated Students of WSU, and Jason McConnell, president of the Graduate and Professional Student Association of WSU.

Created in 1985, the two-foot-long, nine-pound scepter is cast in silver and bronze and features a globe atop a laurel branch, wrapped in a silver ribbon and inscribed “Washington State University.” According to designer and craftsman Tim Doebler of WSU’s Department of Fine Arts, “the globe represents the universality of education and the quest for knowledge. Laurel crowns were presented to academicians by the ancient Greeks.”

The anvil on top of the globe is a symbol of forging and molding education, rather than forcing it upon students.

**GRADUATION WITH ACADEMIC HONORS**

Students in the class of 2011 who have demonstrated exceptional academic performance may graduate as members of one of the following categories:

**SUMMA CUM LAUDE:** Candidates for baccalaureate degrees who have completed at least 30 hours of graded work at Washington State University with a cumulative grade point average of 3.90 or better.

**MAGNA CUM LAUDE:** Candidates for baccalaureate degrees who have completed at least 30 hours of graded work at Washington State University with a cumulative grade point average between 3.70 and 3.89.

**CUM LAUDE:** Candidates for baccalaureate degrees who have completed at least 30 hours of graded work at Washington State University with a cumulative grade point average between 3.50 and 3.69.

**HONORS COLLEGE:** Graduates who have participated in the Honors College and satisfied the college’s requirements receive certificates of completion and wear the Honors College Medallion.

**HONOR SOCIETIES:** Washington State University students may be selected to join, within their disciplines, one or more of 19 honor societies and any of seven honor societies across academic disciplines, including one freshman honor society.

These include Alpha Epsilon Rho, Alpha Phi Sigma, Alpha Zeta, Beta Alpha Psi, Beta Gamma Sigma, Gamma Sigma Delta, International Golden Key, Kappa Delta Pi, Kappa Omicron Nu, Mortar Board, Mu Phi, Omicron Chi Gamma, Omicron Delta Epsilon, Omicron Delta Kappa, Phi Alpha Theta, Phi Beta Kappa, Phi Delta Kappa, Phi Lambda Upsilon, Phi Sigma Alpha, Phi Sigma Iota, Phi Zeta, Pi Sigma Alpha, Psi Chi, Rho Chi, Rho Nu, Sigma Tau Delta, Sigma Theta Tau International, and Tau Beta Pi.
Washington State University Highlights, 2007–2011

2007

- Elson S. Floyd took office May 21 as the 10th president of Washington State University. Previously, he was president of the University of Missouri. He succeeded V. Lane Rawlins, who retired from the presidency, but remained on the WSU faculty and is serving as interim director of the William D. Ruckelshaus Center, a joint enterprise of WSU and the University of Washington.

- In research, a WSU team of physicists successfully completed the first experiments using the nation’s premiere synchrotron X-ray facility to detect shock wave-induced changes in a crystalline material.

- WSU Regents renamed two Pullman campus buildings. Wilson Hall became Wilson-Short Hall, honoring James F. Short Jr., influential sociology professor, now emeritus. This building was first named for James Wilson, U.S. Secretary of Agriculture from 1897 to 1913. The Plant Biosciences Facility I became the Orville A. Vogel Plant Biosciences Building, named for one of WSU’s great agricultural researchers.

- Work continued on major projects on campus in Pullman, including extensive renovation of the Compton Union Building (CUB) and Martin Stadium, home of WSU Cougar football. Another project was transforming the 9-hole WSU Golf Course into WSU’s Palouse Ridge Golf Club featuring a new 18-hole championship course and practice facility.

- Testing of an emergency siren and public announcement system on the Pullman campus took place. The system was created to alert and provide information to students, faculty, and staff in the event of a campus-wide emergency.

- For the first time since the 1993–1994 season, the WSU Men’s Cougar basketball team, coached by Tony Bennett, made the NCAA national basketball tournament in Sacramento, California. WSU finished second in the Pac-10 Conference and had a 26-8 season record. Tony Bennett, who won numerous Coach of the Year honors, succeeded his father, Dick Bennett, who coached the Cougars for three seasons.

- During a national college football telecast on January 1, WSU’s Butch the Cougar was announced as the Capital One Mascot of the Year. Butch edged Testudo, the University of Maryland mascot, in the championship round.

2008

- Scientific American named WSU reproductive biologist Patricia A. Hunt one of the top 50 researchers in the world. Her research shows a potential threat to human health posed by bisphenol A (BPA), a component of the polycarbonate plastics used to make food and beverage containers.

- The largest grant in WSU history—$25 million from the Bill & Melinda Gates Foundation—will help construct a $35 million building that is to become the centerpiece of the new WSU School for Global Animal Health.

- In April, pop music icon Elton John performed in two WSU Mom’s Weekend concerts at Beasley Performing Arts Coliseum.

- Named for WSU’s illustrious graduate Edward R. Murrow, the university’s Murrow School of Communication became the Edward R. Murrow College of Communication on July 1. It had long been part of the College of Liberal Arts.

- The initial class of WWAMI (Washington, Wyoming, Alaska, Montana, Idaho) medical program students began classes at a new site, WSU Spokane. WSU’s Pullman campus first had WWAMI students in 1972.

- The newly-renovated Compton Union Building and Martin Stadium opened for fall semester.

- Palouse Ridge Golf Club, an 18-hole championship-level golf course on the WSU campus, officially opened in August. Developed with private funding, the award-winning course is a transformation of the 9-hole WSU Golf Course.

- Washington State University received nearly $156 million in new research grant awards during the 2007–08 fiscal year, an increase of about 16 percent from the previous year.

- Capping a challenging football season, the WSU Cougars, led by head coach Paul Wulff, defeated the Washington Huskies 16-13 in double overtime at Martin Stadium in the Apple Cup game.

- WSU’s KTNW and KCTS 9 Seattle launched V-me, the first 24-hour Spanish-language channel distributed by public television stations.

- Roger O. McClellan, DVM, an expert in toxicology and human health risk analysis, is the 39th recipient of the Regents’ Distinguished Alumnus Award.

2009

• In celebration of the 20th annual Festival of Contemporary Art Music at WSU, FoCAM’s 2009 guest composer was WSU music faculty member Charles Argersinger, the festival’s founding director.

• Douglas Epperson, formerly of Iowa State University, began serving as dean of the WSU College of Liberal Arts.

• WSU President Elson S. Floyd taught a course at WSU, Research teams at WSU were awarded more than $15 million in U.S. Department of Agriculture grants for specialty crops such as tree fruit, wine grapes, and potatoes. They received nearly a third of the $47.3 million awarded nationally, placing them among the top recipients.

• The WSU College of Business is outstanding, according to The Princeton Review, which featured the school in the 2010 edition of its book, The Best 301 Business Schools. And America’s Best Colleges 2010 annual rankings by U.S. News & World Report list the WSU Writing Program among the nation’s best.

• Dr. Dwight Damon, an orthodontic dentist innovator, is the 40th Regents’ Distinguished Alumnus Award honoree. An outstanding student and basketball and baseball athlete while at WSU, he is recognized internationally for developing the “Damon Bracket,” a dental brace system that transformed the way orthodontists practice. He is a 1962 graduate in zoology.

2010

• Washington State University is ranked 10th among national universities by a prominent sustainability website for its developments in clean technology.

• The WSU Museum of Art, a member of the Washington Art Consortium, shared in an historic gift of Northwest art from the Safeco Insurance collection.

• WSU Pullman has the safest campus among the six public universities and colleges in the state of Washington, a report from StateUniversity.com shows.

• In the aftermath of a devastating January earthquake in Haiti, funds raised in a variety of ways by WSU students, faculty, and staff were donated in support of Haitian relief.

• Total water usage on Washington State University’s Pullman campus in 2009 dropped to a level close to that of 1961, a 2010 announcement said. Reduced water consumption is attributed to a range of water conservation efforts.

• Washington State University’s nationally recognized Honors College celebrated its 50th anniversary. The college is one of the oldest and most respected all-university programs for academically talented students.

• Bill Moos—WSU graduate, former Cougar football player, and former WSU Athletics administrator—was named WSU athletic director, succeeding Jim Sterk, who took the same position at San Diego State University. Moos is a former athletic director at the University of Montana and University of Oregon.

• “Ferdinand’s Lane” is now the name of what was South Fairway Road on the Pullman campus. It leads from Stadium Way to Ferdinand’s Ice Cream Shoppe and the WSU Creamery.

• Pioneer sleep researcher James M. Krueger is the eighth WSU Eminent Faculty Award recipient. He is a Regent’s Professor in Veterinary and Comparative Anatomy, Pharmacology, and Physiology in the College of Veterinary Medicine.

• WSU’s Social and Economic Sciences Research Center celebrated its 40th year. Opening in fall 1970, SESRSC provides survey research services to scholars, citizens, and policy makers. It also educates students, faculty, and others about survey methods.

• The Campaign for Washington State University: Because the World Needs Big Ideas begins its public phase at kick-off events in Pullman and Seattle. Begun in July 2006, the campaign’s goal is to raise $1 billion by 2015 to coincide with the university’s 125th anniversary.

2011

• WSU sleep research is named one of the top 100 stories of 2010 in the article “Sleep Switch Found in the Brain” in the January-February special issue of Discover magazine.

• The Student Recreation Center celebrates its tenth year of service.

• WSU’s grade on the College Sustainability Report Card issued by the Sustainable Endowments Institute was upgraded to a B+ following a data review.

• Washington State University, WSU’s quarterly publication, is the “Grand Gold” recipient for periodicals in the communication awards of the regional Council for Advancement and Support of Education.

• A group of construction management and architecture students take first place in the Associated Schools of Construction regional student competition.

• Gregory W. Yasinsitsky, Regent’s Professor and coordinator of jazz studies in the College of Liberal Arts School of Music, is the tenth recipient of the WSU Eminent Faculty Award.

• On May 7, 2011, one of best groups of students ever in the history of Washington State University graduated during the 115th annual spring commencement ceremony in Beasley Coliseum.
Washington State University Dean and Professor Emeritus R. James Cook has had a 40-year career span with WSU.

During his very productive professional life he has conducted research on biological and ecological approaches to manage root diseases of Pacific Northwest wheat, 33 of those years with the USDA-Agricultural Research Service (ARS).

From 1998 to 2003 he served as the R.J. Cook Endowed Chair in Wheat Research at WSU, a position endowed with a $1.5 million gift from the Washington Wheat Commission. He also served as interim dean of the College of Agricultural, Human, and Natural Resource Sciences from 2003 until his retirement in 2005.

In addition to some 200 peer-reviewed journal papers and book chapters, Cook has coauthored two books on biological control of plant pathogens and one on wheat health management.

Cook has been named a fellow by the Crop Science Society of America, American Society of Agronomy, American Association for the Advancement of Science, and American Plant Pathology Society. The U.S. Department of Agriculture has bestowed upon him the Superior Service Award and the Distinguished Service Award, named him the ARS Distinguished Scientist of the Year, and included him in the ARS Science Hall of Fame. He has also received a fellowship from the American Plant Pathology Society and earned the society’s Distinction Award and Ruth Allen Award.

Cook was elected to the National Academy of Sciences in 1993 and has been selected for the 2011 international Wolf Prize for Agriculture.

Cook currently serves as one of seven citizen trustees on the board authority of Washington state’s Life Sciences Discovery Fund and is president of the Washington State Academy of Sciences.

He holds bachelor’s and master’s degrees from North Dakota State University and a doctorate from the University of California, Berkeley.
Sworn in on December 18, 2006, as the 22nd Secretary of Defense, Robert M. Gates is the only Secretary of Defense in U.S. history to be asked to remain in that office by a newly elected president. President Barack Obama is the eighth president Gates has served.

Before entering his present post, Gates was the president of Texas A&M University. Prior to that, he served as interim dean of the George Bush School of Government and Public Service at Texas A&M.

Secretary Gates joined the Central Intelligence Agency in 1966. In 1967 he was commissioned a second lieutenant in the U.S. Air Force and served as an intelligence officer at Whiteman Air Force Base in Missouri. He then spent nearly 27 years as an intelligence professional, including almost nine years at the White House National Security Council, serving four presidents of both political parties.

Gates served as deputy director of Central Intelligence from 1986 until 1989 and as assistant to the president and deputy national security adviser at the White House from 1989 until 1991 for President George H.W. Bush. He also served as director of Central Intelligence from 1991 until 1993. He is the only career officer in CIA history to rise from entry-level employee to director.

Secretary Gates has been awarded the National Security Medal, the Presidential Citizens Medal, has twice received the National Intelligence Distinguished Service Medal, and has three times received the CIA’s highest award, the Distinguished Intelligence Medal.

He is the author of the memoir, From the Shadows: The Ultimate Insider’s Story of Five Presidents and How They Won the Cold War, published in 1996.

Until becoming Secretary of Defense, Gates served as chair of the independent trustees of The Fidelity Funds, the nation’s largest mutual fund company, and on the board of directors of NACCO Industries Inc., Brinker International Inc., and Parker Drilling Company Inc.

Gates has also served on the board of directors and executive committee of the American Council on Education, the board of directors of the National Association of State Universities and Land-Grant Colleges, and the national executive board of the Boy Scouts of America. He has also been president of the National Eagle Scout Association.

A native of Kansas, Secretary Gates received his bachelor’s degree from the College of William and Mary, his master’s degree in history from Indiana University, and his doctorate in Russian and Soviet history from Georgetown University.
John Scott Redd was a vice admiral of the United States Navy and the first Senate-confirmed director of the National Counterterrorism Center, serving from 2005 until 2007.

Redd was born in Sidney, Iowa, and graduated from the United States Naval Academy in 1966. A Trident Scholar, he majored in mathematics and physics and was president of the Naval Academy Class of 1966. Following graduation, he studied as a Fulbright Scholar in Uruguay and as a Burke Scholar, receiving a master’s of science degree in operations analysis from the Naval Postgraduate School. He also attended the program for senior executives at the Massachusetts Institute of Technology (MIT).

During his 36 years of active duty service, he commanded eight organizations and served in several senior policy positions in the Pentagon. In 1995, he founded the only new U.S. Navy Fleet in half a century, serving as the first commander of the Fifth Fleet since World War II. His last assignment on active duty was as director of strategic plans and policy on the Joint Staff. Redd retired from active military service in 1998.

Following his retirement from the Navy, he served as CEO of NetSchools Corp., a high-tech start-up company in the education sector. In 2004, Redd was appointed deputy administrator and chief operating officer of the Coalition Provisional Authority in Baghdad, Iraq, where he directed programs for the reconstruction of Iraq’s infrastructure. He was also responsible for policy affecting Iraq’s security programs, including the new Iraqi Army, Iraqi Civil Defense Corps, Iraqi Border Patrol, and Facilities Protection Services. Before retiring in 2007, Redd also served as executive director for the Commission on the Intelligence Capabilities of the United States Regarding Weapons of Mass Destruction, sometimes known as the WMD Intelligence Commission, and as director of the National Counterterrorism Center.

During his career, Redd has also served on the advisory boards of several nonprofit organizations. An avid amateur radio operator, Redd has won seven world championships.

The WWAMI (Washington, Wyoming, Alaska, Montana, Idaho) Medical Education Program is offered in partnership with the University of Washington School of Medicine and host universities throughout the five-state regional system. Students from Washington complete their first year of medical training at the University of Washington, WSU Pullman, or WSU Spokane and complete the remainder of their medical training in Seattle, Spokane, eastern Washington, or training sites throughout the WWAMI region. The WSU Pullman WWAMI program is offered jointly with the University of Idaho WWAMI program and offers first-year medical students the opportunity to train with the combined biomedical faculties and the teaching, research, and training facilities on both campuses. WSU WWAMI students also complete their first clinical training rotations with local physicians, clinics, and hospitals in Pullman and Moscow.
Candidates for Baccalaureate Degrees

Names in this program include only those who have applied for a May 2011 graduation date. Names are not necessarily representative of those attending the spring commencement ceremony.

WASHINGTON, MY WASHINGTON

Washington, My Washington
The Crimson and the Gray,
'Tis the songs of memory
That we sing today,
When the sad hours come to you
And sorrows 'round you play,

Just sing the songs of Washington
The Crimson and the Gray,
Just sing the songs of Washington
The Crimson and the Gray.
